TRACK MEET IN PROGRESS

OVER 60 REPRESENTATIVES OF
VARIOUS SCHOOLS AT DIS-
TRICT MEET AT NORMAL

A new era in athletics was inaugurated today when the district track meet was pulled off on the normal campus. A general invitation had been extended to the public schools of this normal district and also to Sacred Heart academy. The response exceeded the most sanguine expectations of the promoters, and some fifteen or twenty schools sent representatives. There were something over sixty participants in the various events. The day was cool and very pleasant for such an occasion, although the wind was somewhat disagreeable.

The morning was given over to the preliminaries in which the participants in the final events were selected.

At 3 o'clock the games were still in progress and future winners in the state and national events were hard at work. As a matter of fact, some fine specimens of physical youth were in the events and when a little more mature it is probable that many of them will be heard from. Sacred Heart seemed to stand the best chance for first place.

At the hour above mentioned the following events had been pulled off and the winners were named. The mile race was the next number.

Broad Jump—McClarny, Sacred Heart, 19 ft. 1 1-2 inches; Lancaster, Wayne, 18 3-4; Russell, McCloud, 17 1 1-2.

Half-mile—Montgomery, Madill, 2:20; McGhanquet, Holdenville.

120 High Hurdle—Gwin, Ada, 18 2-5; Bruner, Ada; Russell, McCloud; Newberry, Tishomingo.

Shot Put—McClarny, Sacred Heart, 38-8; Lancaster, Wayne, 36-2; Jackson, Sacred Heart, 35-6.

220 Low Hurdle—Russell, McCloud 29 4-5; Reid, Madill; McClarny, Sacred Heart.

Discus Throw—G. Stubbs, Atoka, 80, 9 1-2; Austell, Center 78-7; Haley, McCloud, 74-9.

To Settle Reward in Dunbar Case.

Opelousas, La., May 3.—Just what reward or token of esteem will be given to Deputy Sheriff Charles Day, of Columbia, Miss., who found Robert Dunbar, the kidnapped child, will be settled at a final meeting of the business men of Opelousas on Monday. When the Dunbar boy was stolen from his home on August 23 of last year the business men raised \$6,000 reward to be paid to the person returning the boy to his parents. The first of April the offer of reward was withdrawn and the money returned to the donors, because it was believed there was no longer any chance that the child would be found. As it has been found impossible to re-subscribe the entire \$6,000, the meeting Monday will decide whether Deputy Sheriff Day is to be given such portion of the money as will be returned to the fund or whether he will be presented with an automobile or some other substantial present.

HOUSE ADOPTS CAPITOL RESOLUTION

Oklahoma City, May 2.—A brisk filibuster attended the House consideration of the State Capital question when it was reached today, but the Oklahoma City line-up seemed to be impervious to the parliamentary assaults of those who were opposed to making a preliminary appropriation of \$750,000 toward a \$1,500,000 state house. The gallery was filled with Oklahoma City people, who gave animated applause to all the good things that were said about their city in the debate. That the filibuster was futile became apparent when a vote was reached up on the Maxey-Teehee substitute, which had for its purpose reference of the appropriation to a vote of the people. The vote on this question furnished the best test, and in it the opposition was unable to muster more than twenty-seven votes. The filibuster continued until about 9 o'clock when on roll call on final passage the bonds substitute bill was adopted by a vote of 55 to 23. The emergency clause was lost by 11 votes. As on yesterday, the leaders were badly di-

vided. Speaker Maxey, Mr. Hill and Mr. Smith were on the side of the submissionists, and Mr. Durant, Mr. Crawford and Mr. Emanuel were supporting the bonds position looking to immediate work on the building.

The Teehee-Maxey substitute was in the form of a joint resolution, containing a legislative act giving full procedure. It created a State Capitol commission, to be composed of three, the governor to be the chairman, and two others, one each from the dominant political parties, to be named by the governor and confirmed by the senate. They were to be removed by governor at will. The salient feature of the resolution was an appropriation of \$2,000,000 from the sale of bonds bearing 4 per cent interest and running for twenty-five years, added to which was the \$153,578.50 now in the Capitol fund. Neither the bond issue nor the appropriation were to be effective until approved by a vote of the people. On a straight vote the submission idea failed by 26 to 40.

Oklahoma Crop Conditions.

Oklahoma City, Ok., May 2.—Crop conditions in Oklahoma are better than usual, according to the April bulletin of the State Board of Agriculture. Growing condition of wheat and alfalfa are both 91 per cent, and oats 86 per cent. The acreage in oats compared with last year this month is 108 per cent. Pastureage is 81 per cent fine, farm stock 89 per cent, and from the standpoint of moisture the ground is 87 per cent.

The following condition is given for fruit: Apples 75 per cent, pears 66 per cent, plums 65 per cent, cherries 76 per cent and peaches 53 per cent. The March freeze dealt the fruit crop a hard blow, as evidenced by the low per centage for peaches. They will make about one-half a crop, although in some sections of the state the yield will be normal or a little better. Last season peaches in Oklahoma went to waste, selling as low as 25c per bushel. It is predicted the farmer this year will get between 50c and 75c per bushel.

A CORRECTION

Sheriff Mitchell informs the News that in mentioning the arrest of Grover Blackburn at Anadarko several days ago its information concerning the matter locating him was erroneous. It was through the efforts of the sheriff's office that he was located. The cost to the county was \$2.46.

W. A. Hill, representing A. D. Shrewsbury and company of Little Rock, Ark., says that the impression which has gone forth that he is no longer interested in the Dan Hayes Addition is wholly erroneous; that the company will soon erect about one dozen modern cottages on their lots, and that he is in position to sell these places on the easy payment plan. Furthermore he is able to sell you a lot and build you a home to your liking in the same way. 21-tf

Anniversary of Bridge Disaster.

Dixon, Ill., May 3.—Tomorrow will be the fortieth anniversary of the Dixon bridge disaster, which cost the lives of forty persons, while as many more were seriously injured. It was on Sunday morning, May 4, 1873, that several hundred persons assembled upon the iron bridge spanning the Rock River, to witness a baptismal ceremony. Without a moment's warning the bridge collapsed, precipitating everybody upon it into the water. Thirty-seven persons were drowned and three others died from injuries received in the wreckage.

PARADE AGAIN FOR SUFFRAGE

New York, May 3.—Women suffragists, 20,000 strong, indulged in another parade in New York this afternoon to give expression to their demand for the privilege of voting. The parade was a larger affair than the similar demonstration seen here last year and included many new and interesting features. While the paraders, eight abreast instead of four as in previous parades, marched up Fifth avenue in martial array they were loudly cheered by ten of thousands of spectators who lined both sides of the famous old thoroughfare.

The procession was led by Mrs. Richard Coke Burleson on horseback, dressed in a plain riding habit and carrying a national flag. Following her were eight women representing the eight suffrage organizations of New York each carrying a banner with the color of the organization represented. Next came the executive officers of the National Woman's Suffrage Association, riding in carriages. The "Pilgrims" who hiked to Washington, headed by "General" Rosaline Jones, marched in front of the carriage in which rode the pioneer suffragist, Mrs. Antoinette Brown Blackwell.

Garbed in the picturesque costumes of their native lands were the groups of foreign enfranchised women. Those from Sweden were dressed as Valkyries of the Sagas and were led by the "Valkyria" riding on horseback, followed by Blenda, who won a great victory in 1154, with Christina Sperna, who defended Stockholm in 1520, and Jenny Lind, the first Swedish suffragist. Attached to this section was a Finnish band, one of nearly two score bands in line, which played Finnish national airs.

The representation of men in the parade was unusually large. Some of them marched with their wives, but the majority of them were together under the banner of the Men's League. This division was led by a group of mounted men and women riding in couples. Two handsome silk banners recently presented to the Men's League were carried by the same men who were banner bearers in the first suffrage parade, when only eighty-nine men were in line.

Street-corner demonstrations and speech-making were in order all along the line of march, which extended the length of Fifth avenue from Washington Square to Fifty-ninth street. As the parade reached the reviewing stand at the Public Library, where many prominent men occupied seats, the "Woman's Marseillaise" was sung by a large chorus of women and girls.

DON'T KNOW THEY HAVE APPENDICITIS

Many Ada people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. The Ramsey Drug Co. states that if these people will try A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the QUICK benefit.

An Atchison, Kansas, drummer came near being mobbed in Kansas City a few days ago. He stated that the last time he passed through that city over half the people were barefoot. He only saved himself from violence by adding that the hour was midnight.—Ardmoreite.

COURTING AND MERCHANTISING.

Italy News-Herald: The business man who puts in an ad once a month is like the fellow who visits his sweetheart about as often. He will have a hard time making the people believe that he really wants their trade and the unfrequent visitor will be a good long time making the girl believe he wants her as a helpmate. The constant wooing lover wins the blushing maid and the constant advertiser carries off the trade.

Dallas News State Press: Good illustrations and excellent poetry. The two cases are certainly analogous. A young man dressed himself up and tidied his hair until he looked sweet enough for a girl to munch would he ever make any headway toward winning a bride by renting a place on Main street and waiting for the girls to come and propose to him? Not much. The girls, bless their innocent hearts, might stroll past his stand and look admiringly at his manly shoulders and sozodent complexion, but if he didn't make some move toward annexing them.

PONTOTOC CO. JAIL DOORS WIDE OPEN

Friday afternoon Sheriff Mitchell showed the News reporter something that has not been seen before since the earliest days of courts at Ada. It was an empty jail. The front door of the lower story was wide open as there was no need to lock it, for a trusty or two was all that remained around the lower part of the building. During the night, however, a negro was placed in the upper story.

Although law breakers have had anything but easy sledding, times are rapidly changing and knowing that swift retribution will follow any infraction of the law, it is evident that many tough characters who formerly made trouble have either left the country for the penitentiary or other parts, or else have mended their ways. The law abiding element would be glad to see the hinges of the jail doors rust off before the necessity arose to use it again, but it will probably be some time yet before such a desirable state of affairs comes about.

Be Modest.
Never seem to affect the character in which you wish to shine. Modesty is the only sure bait when you angle for praise. By modesty I do not mean timidity and awkward bashfulness. On the contrary, be inwardly firm and steady, know your own value, but take care to let nobody discover that you know it. Whatever real merit you have, other people will discover and people always magnify their own discoveries, as they lessen those of others.—Lord Chesterfield.

Might Be the Fact.
Burglars who broke into a Paris flat recently removed all the fashionable pannel dresses belonging to the mistress of the house and left a number of old skirts. "The police," says a Paris correspondent, "suspect a fashion expert." We, on the other hand, are inclined to wonder if the burglar was not committed by the lady's husband, who may easily have been a simple-hearted fellow who wished to see his wife becomingly dressed for a week or two.—By-stander.

Diver seized by octopus.
A naval diver at Toulon was suddenly attacked by a giant octopus while under water in the harbor. He gave the hoisting signal and was hauled to the surface, together with the octopus, whose tentacles, said to be 25 feet long, were wrapped around him. The diver was unconscious. The octopus held fast to the diver until it was stabbed to death. It weighed 135 pounds, and the suckers on its tentacles were as big as half-dollar pieces.—London Mail.

Gift That Blaine Had.
James G. Blaine had the rare gift of dismissing from his presence any one who had come to him for a favor which he could not grant, with a feeling that he was his big brother, and grieved to death at the compulsion of refusal. Although Blaine was universally beloved, yet he was defeated for the highest office in the gift of the people.—From the Magazine of American History.

Once Exclusive Pet of Royalty.
The Pekingese spaniel, or "lion dog," now so popular among dog lovers, was formerly an exclusive possession of China's rulers, and it was a capital offense to remove one of the diminutive creatures from the imperial palace. A pair of them were brought to Europe after the capture of Peking in 1860, and from these and a few others the American specimens of the breed are descended.

Surpassed Them All.
A near race riot happened in a southern town. The negroes gathered in one crowd and the whites in another. The whites fired their revolvers into the air, and the negroes took to their heels. Next day a plantation owner said to one of his men: "Sam, were you in that crowd that gathered last night?" "Yassir." "Did you run like the wind, Sam?" "No sir. I didn't run like the wind, 'deed I didn't. But I passed two niggers that was running like the wind."—Pennsylvania Grit.

MEXICANS WILL ELECT PRESIDENT

Washington, May 2.—Election for President of Mexico will be conducted Oct. 26 by the Huerta government according to advices to the Mexican embassy here today. The report said the date was agreed upon at a conference between Provisional President Huerta, Gen. Felix Diaz, the cabinet and representatives of all parties in both houses of congress. Gen. Diaz is expected to be the leading candidate for the presidency. Many people believe, however, that Gen. Huerta also will enter the race, and it is suggested that Francisco de la Barra, Minister for Foreign Affairs in the provisional government, also may be a candidate.

Probably no adherent of the Liberal party, of which the late President Madero was leader, will enter the race, unless in the meantime peace has been restored. In the event of peace, it is regarded here as almost certain that Dr. Emilio Gomez, who claimed to have been elected at the general convention at San Luis Potosi a year ago, will become a candidate.

Reports from the City of Mexico also suggest Gov. Carranza, leader of the present rebellion in Northern Mexico, as a presidential possibility, although he has disclaimed presidential ambitions.

BAT ROACH FAVORS CARNEGIE LIBRARY

Ada, Okla., May 3, 1913.
Editor Evening News.

Dear Sir:—I do not believe it will pay Ada to lose this library proposition. Ada prides itself on good schools, which are indeed second to none. Unfortunately our students, are often handicapped for information in regard to references that most of our homes do not possess, or even if they did is not so readily obtained as from a library, with a good librarian. Will recall an example. On a visit to the Carnegie library at End after school hours, there were at least twenty students, present ranging in ages from ten years up hunting information on different subjects. So if we were to consider nothing else the library would be a splendid asset for our schools.

It was also be a haven, for the busy man or woman who wants to spend an hour or even hours, with the master minds of the world, "To get with their loved ones."

Then let us consider the weary traveler of refinement and education who beams with delight at meeting institutions of this kind, for here he feels at home, among his friends.

The education of mankind, is getting more universal the bonds of brotherly love is getting stronger. Why should not Ada do something to help it along?

The restrictions Mr. Carnegie places for support of institutions of this kind are I think what they should be.

It has been found by the great philanthropist, that it is poor policy to help those who are not willing to help themselves. Respectfully,
BAT ROACH.

Robbers' Cache.
While digging for bait the other day, S. G. Ramey unearthed a two quart fruit jar containing a lot of dynamite caps and a large number of squibs with caps crimped. These were found down Coal Creek below the Wise camp, and are supposed to be some of the material used by the gang of bank robbers who had headquarters in that vicinity. It will be remembered that the local officers were successful in convicting several of this gang and others are now waiting trial in Arkansas. Near where the jar containing the dynamite caps was found, was found several empty boxes buried. These boxes had evidently been used to conceal their booty, but that was gone.—Henryetta Standard.

MAJESTIC—COWBOY MILLIONAIRE

Mrs. F. W. Chambers and little son Frank Wilson returned this morning from a two weeks visit in Little Rock, Ark., where she was called by the illness of her father.

Supt. T. F. Pierce is still confined to his bed with sciatic rheumatism and malarial fever. It will probably be some little time yet before he will be able to be at his office again.

Prof. E. A. Dunham, a former Pontotoc county teacher is down from Okemah with the students from his school who are taking part in the contests and track meet at the normal.

Two good ones at the De Sota this evening. The first will be "The Mute Witness." The other is "A Well Meant Deception." Both are right up to the mark and that is sufficient guaranty of their merit. Coming soon: "A Southern Cinderella."

Monday afternoon the commercial club will give one of the best picture shows on record at the city hall. Over 160 good road slides will be exhibited and everything will be free. It is on a vital subject and one full of interest to all. Free to everybody.

The weather man almost hit it when he said this section would likely be visited by thunder shows. The thunder has not been heard to any noticeable extent, but two or three times today light showers have fallen. A cloudy day is the promise for Sunday.

The Millionaire Cowboy will be presented at the Majestic this evening. This is Selig's best western picture and was produced at an enormous cost. Not only was the entire Selig company employed in its production, but a whole army of the best cowboys of the West were used. No imitation cowboys in the entire lot. This is a brilliant two-reel picture and as good as is possible to make.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution. Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

Somer Jones and John Deckert left this morning for Bromide, where they will witness a wrestling match this evening between Bob Deckert of Ada and Kid Kemp.

HEALTHY WOMEN SCARCE

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and devitalized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but, thanks to Vinol, I am feeling all right again."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Gwin & Mays Drug Co., Ada, Okla.

Dear Sir:—

After a full consideration of the subject upon the part of our Board of Directors, it has been decided to reduce the interest rate upon future loans from 8 per cent per annum to 7 3/4 per cent per annum. This reduction will be equivalent to a monthly interest charge of 65 cents upon each one hundred dollar loan instead of 66 cents and a fraction, as heretofore charged, and which will, therefore, present such a simple proposition upon the whole, as to be readily understood, and easy of computation by an agent.

A corresponding reduction has likewise been made in the maturity period of the note and mortgage from 84 months to 82 months, and which liberality upon the part of the Association will, we trust, be duly appreciated by all agents and patrons.

Yours very truly,
M. C. GALVIN, Sec'y.

Training Outweighs Long Service

There is no better proof of this than the every-day scenes of long service, untrained employees at the beck and call of younger men who occupy the big positions because of their training. It's a case of Training vs. Long Service—with the odds in favor of the trained man.

Get out of the untrained rut. Mark and mail the attached coupon and let the I. C. S., of Scranton, tell how you can qualify for a better position. How you can protect yourself against servitude in your old age. How you can become an expert at your chosen line of work.

That the business of the I. C. S. is to raise salaries is shown by the monthly average of 300 letters voluntarily written by students reporting salaries raised and advancement won through I. C. S. help. No necessity for leaving home. No books to buy. Marking the coupon puts you to no expense and places you under no obligation. Mark it NOW.

MRS. J.W. CREVELING DEAD

About 9 o'clock Friday evening Mrs. J. W. Creveling died at the home of her son, W. S. Creveling, on West 18th street. This morning the body was taken back to Brownsbury, N. J., for interment.

Mrs. Creveling was about 55 years of age. She had suffered a long time from throat trouble and a short time ago she and her husband came from their New Jersey home in hope of finding relief. The body was accompanied on its last journey by the bereaved husband and W. S. Creveling and family.

Spring Time Is Blood Cleaning Time

Wonderful How Quickly Your Entire System Awakens When the Blood is Cleaned.

Let S. S. S. Rid You of All Blood Disorders.

If you are down with rheumatism; if you sneeze, feel chilled, are choked with catarrh, have a cough, or your skin is pimply and irritated with rash, eczema, or any other blood disorder, just remember that almost all the ills of life come from impure blood. And you can easily give your blood a good, thorough cleansing, a bath, by using S. S. S. There is no need for anyone to be despondent over the illness of blood impurities. No matter how badly they attack the system, or how unsightly becomes the skin, just remember there is one ingredient in S. S. S. that so stimulates the cellular tissues throughout the body that each part selects its own essential nutriment from the blood.

This means that all decay, all breaking down of the tissues, is checked and repair work begins. S. S. S. has such a specific influence on all local cells as to preserve their mutual welfare and afford a proper relative assistance to each other. More attention is being given to constructive medicine than ever before and S. S. S. is the highest achievement in this line. For many years people relied upon mercury, iodide of potash, arsenic, "physics," cathartics and "dope" as remedies for blood sickness, but now the pure, vegetable S. S. S. is their safeguard. You can get S. S. S. in any drug store, but insist upon having it. And you should take no chance by permitting anyone to recommend a substitute. And if your blood condition is such that you would like to consult a specialist freely and confidentially, address the Medical Dept., The Swift Specific Company, 137 Swift Bldg., Atlanta, Ga.

OKLAHOMA CITY PREPARING TO ENTERTAIN K. OF P.

Oklahoma City, May 3.—Great preparations are now being made for the meeting of the grand lodge of the Knights of Pythias, which will be held here May 13 and 14. All the local lodges are working together to make the meeting one of the best ever held by the order in the state and from 1,200 to 1,500 Pythians are expected to attend.

A feature of the meeting will be the organization of a temple of Knights of Khorassan, a social branch of the order, and already a large number have signified their intention of joining. This will be the fourth temple of this side degree in the state. Another feature will be a great street parade to be held the night of June 13. All the marchers will be in the costume of the order and fireworks will be set off along the line of march.

DOCTORS ENDORSE Newbro's Herpicide

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Rev. J. J. Boyd, Covington, Tenn., says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J. B. Thompson, M. D., No. 2 Burroughs Place, Cor. Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed of Newbro's Herpicide. It is all that cleanses the scalp but brightens the hair, gives it life and makes it soft."

Newbro's Herpicide is the original remedy to kill the dandruff germ and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.

We positively guarantee the one dollar size bottle.
